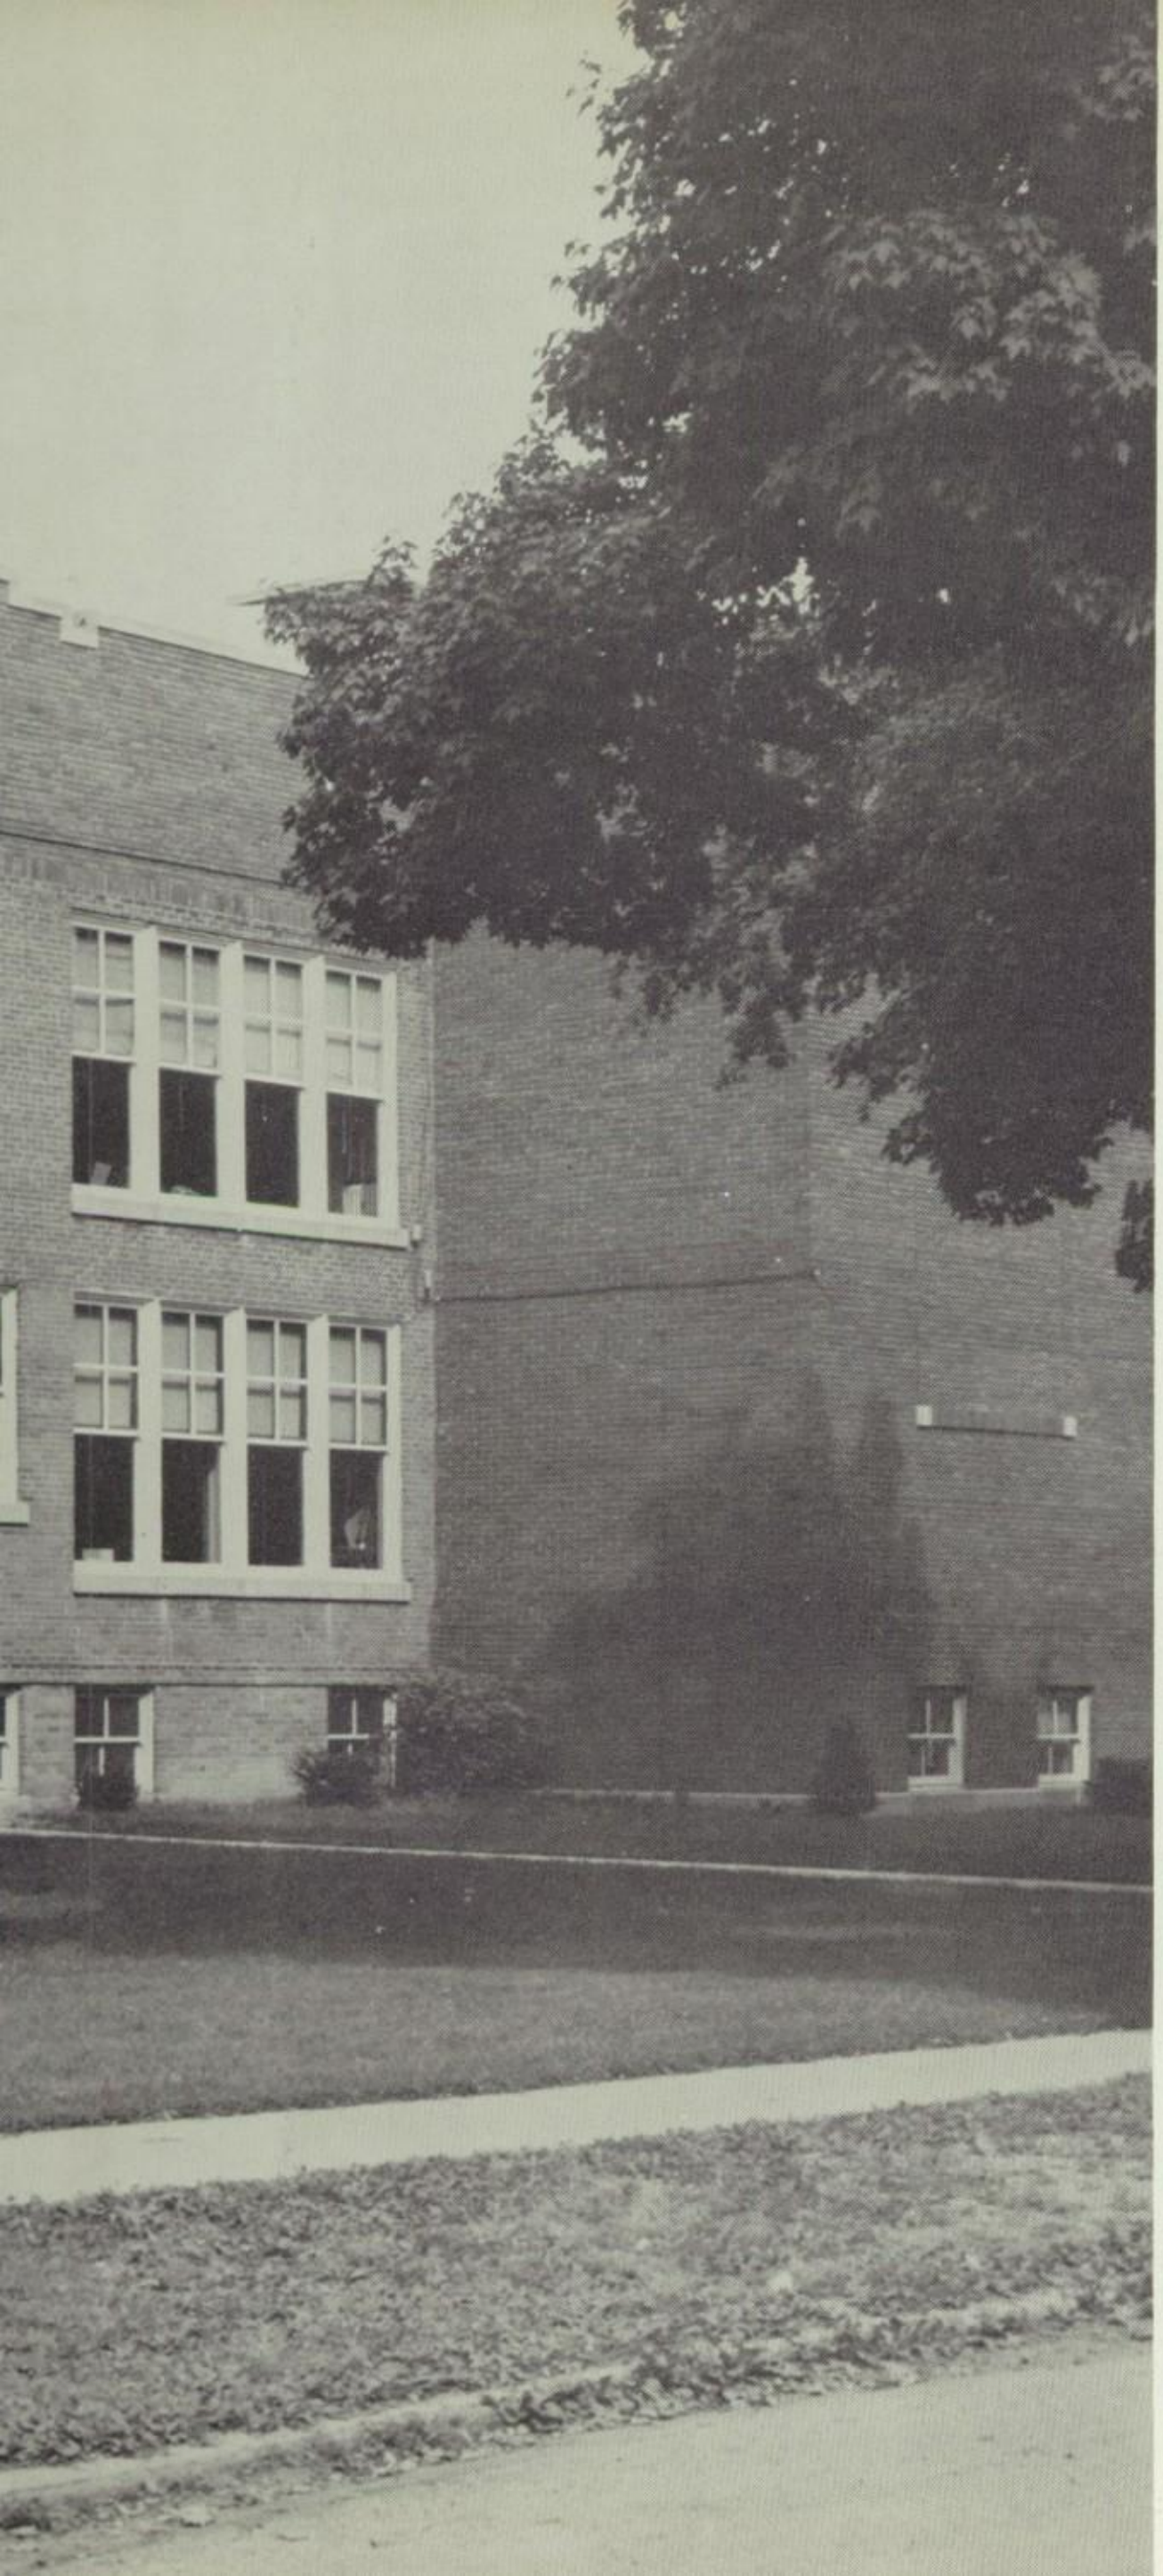
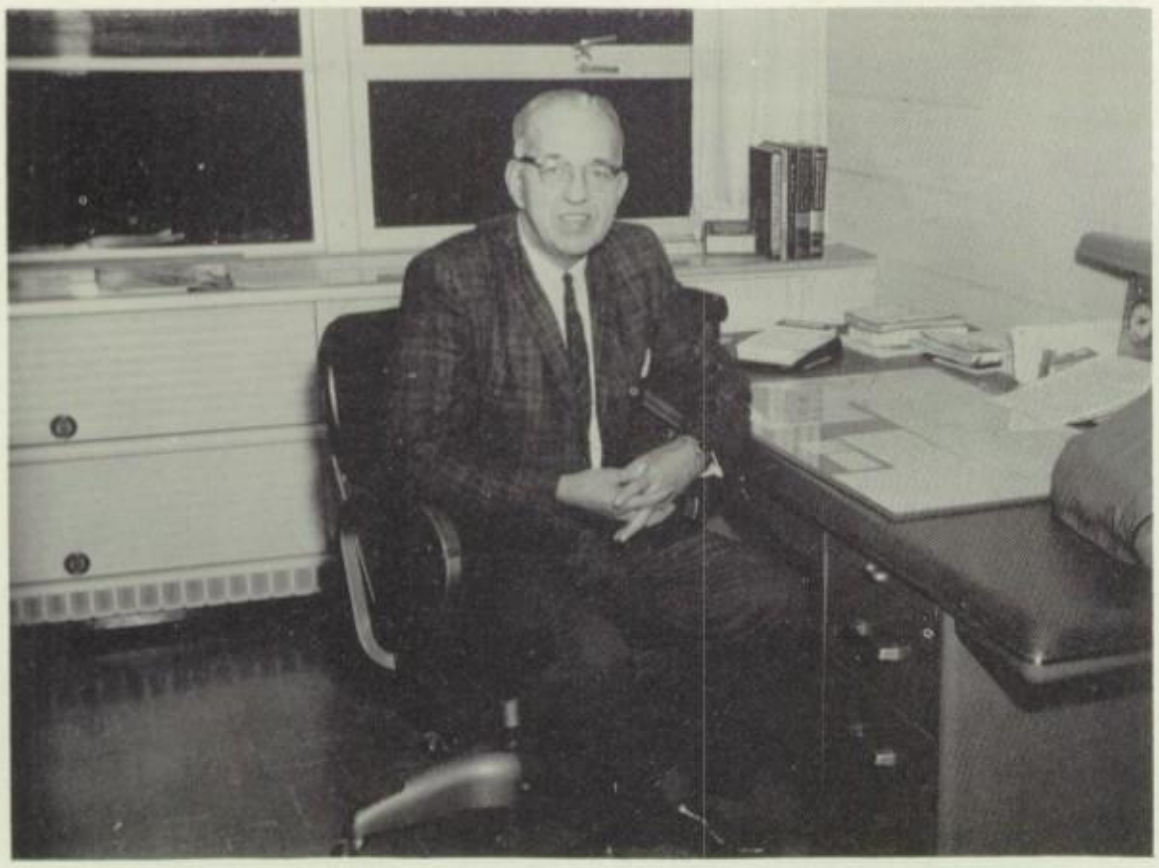
THE VISTULA

1960 - 1961

FREMONT HIGH SCHOOL
FREMONT, INDIANA



In 1861, exactly one century ago, our great nation was still in the making. During that year the Pony Express was established, Abraham Lincoln was elected President of the United States, and the nation was on the brink of a great civil war. Yes, this was a year to be remembered by posterity. And now, one hundred years later, we, the graduating class of 1961, find ourselves suddenly set free to strive for our individual goals in another important year—1961. It is a year of decision concerning foreign affairs as well as our own national and domestic economical problems. Where will we be in 1970? We wonder. But one thing we do know is that we will be the ones directly involved. We know that through our knowledge gained by education and experience we will be more able to cope with problems that may confront us. We give our thanks to the faculty and administration who have helped to show us the way. Come with us through the pages of our Vistula as we show you how, under the influence of our surroundings, we prepare ourselves for the present and future.



MR. MERTZ

Mr. Mertz is the school superintendent and the principal at the elementary school. His duties are numerous. He administers the orders of the school board and serves as an advisory capacity to the board. Mr. Mertz has been an asset in making the school year a success.

ACTIVITIES

ACTIVITIES

Here in Fremont High School it is our privilege to have extra-curricular activities. These activities help us to meet our fellow students and to improve our individual characters. These activities give the student body a chance for participation and opportunity to make decisions and to improve their clubs.

The many extra-curricular activities help the students to prepare for their futures. The students have the opportunity to express their opinions and to listen to and respect any ideas of others.

It is our honored privilege to belong to these activities, and our duty to uphold their ideals with attendance, participation and cooperation.

As students we feel most fortunate that we are endowed with such a wide selection of clubs which cover a wide array of interests and talents. For every student some organized body meets for the purpose of study and fellowship in that field. We have, here at Fremont, activities pertaining to athletics, dramatics, religion, farming, homemaking, foreign language, music and still others.

As you, the reader, travel through the pages of the Activities section of this yearbook, you will surely appreciate the time, work, and interest devoted to these activities, not only by the student, but also the sponsor, parent, and the community.

JUNIOR CLASSICAL LEAGUE

This picture of the club shows the spirit of the Latin Club members for their organization and their zeal for learning. The picture was taken on the night of the Roman Banquet, the evening every year on which the club members dress like the Romans and pretend for a few hours that they, like the Romans, are greedy for food, slaves, power and entertainment. The Banquet is an expression of learning and an outlet for the boredom of mere classroom work.

The Latin Club meets monthly and enjoys an evening of fellowship and learning under the supervision of Mrs. Reed, the sponsor.

This year's Banquet included a Chariot Race, a source of fun for all.

NATIONAL HONOR SOCIETY

The goal of nearly every young person when he enters high school is to attain membership in the National Honor Society. To do this he must not only maintain a B+ average, but also he must prove himself an asset to the school and to his class in the areas of Leadership and Service. He also must have an honest and unreproachable character, and be above suspicion to his classmates and teachers.

Only a small percentage of the class is eligible, so the honor is much coveted and desired.

This scene was taken on the day of the tapping of new members.

G.A.A.

Sports! This is what the Girls Athletic Association takes part in weekly. Mrs. Smith, G.A.A. sponsor, has introduced many new games for the club members to participate in. Because there are so many things the girls can do together, it is a very popular club at F. H. S.

FEATURES

FEATURES

Music is an outstanding point in the life of a Fremont High School student. Many honors have been bestowed upon the Fremont Marching Band, and on the Concert Band.

The band owes much of its marching success to Deanna Kinsey, their fine Drum-Majorette. The ability to lead students and to form new ideas were among her better qualities. The diligent work of Mr. Long was shown in the free concerts given by the band.

The members of the band should be praised highly for their work at district and state contests in which most members rated highly.

Band also contributes to the molding of all-around personalities. Through band trips and meetings, students meet people from other schools and in many other professions. Typical of band trips was the one made to Kalamazoo, on which the band appeared on television and also had an opportunity to meet television personalities.

In the years to come, it is a sure thing that past members of the Fremont band will indeed have some pleasant memories, and will never regret the extra time and effort put forth.

FREMONT HIGH

Deanna Kinsey, a senior this year, was chosen as Drum Majorette. Her outstanding leadership, and imagination has won the band many honors.

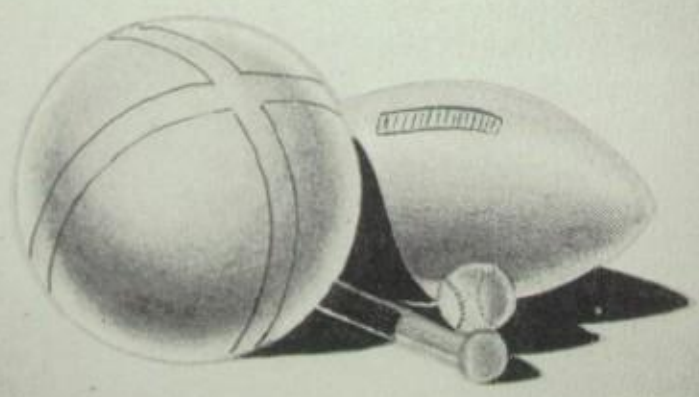
GRADE SCHOOL BANDS



ATHLETICS

ATHLETICS

The students of Fremont High School have a deep respect for Christian sportsmanship shown by the members of the Fremont competitive teams. The hard work, drills, and the actual talent of these boys is far from being overlooked. The foundation of good clean sport life can make a student well prepared for a later competitive life.

The student body should also be given the credit for their sportsmanship and constant support of their teams. Whether in the joy of success or the sorrow of defeat, the respect for the team never leaves the student.

To the student body should be given many rewards for its attitude toward sports, and to the teams much thanks is due.

Athletics play a very definite part in the creation of all-around personalities. As mentioned above, the student learns to accept both victory and defeat, whether to himself or to his team.

Many rewards are reaped from the Athletic participations and the student support. The feeling of pride in a winning team, or the bitter taste of defeat, both serve to mold the character of tomorrow's future citizens.

They concentrated mostly on "Big Noise" yells this year, and through the co-operation of the cheering block they helped the Pep Club to make an impressive appearance at both home and away games. The fans enjoyed such yells as "Paladin", "Cha-Cha", "T-Woop" and of course, "Victory." The girls are to be commended for all the time and work they put into creating new yells and making up modern motions. Thanks, girls!

TRACK- 1960

High School track is coached by Mr. Schlosser. Track is a good body conditioning sport pertaining to the individual rather than the team.

This year's individual hero was Dave Anspaugh. The other members of the team made a fine showing whenever called upon.

Junior High School track is coached by Mr. Stafford. The main objective of this sport is to promote and establish good training habits and sportsmanship in the boys who represent their school.

The 1960 track team had a good season with a majority of wins. Mr. Schlosser can look forward with pleasure to having these fine boys on the high school team.
